

Dear Sir/Madam,

On behalf of Ly Tu Trong College, I am pleased to introduce the Smart College Conference and Exposition 2018 and welcome your collaboration in hosting the conference.

The Smart College International Conference 2018 (SCIC 2018) will take place in Ly Tu Trong College of Ho Chi Minh City during August 29-30, 2018.

This event will provide scholars, experts, engineers and practitioners from all over the world with a great opportunity for to present the latest system concepts of Smart College, research results, developments and applications as well as to facilitate interactions between scholars and practitioners. SCIC 2018 will feature plenary speeches topics given by scholars of National Kunsan University off Korea, Cardiff Metropolitan University in UK, IMI Institute of UK, Institute of Technical Education Singapore, Arizona University, GIZ, KONE, Schneider Electric, ASSIST ...

The Conference with the theme “Smart College Model in the 4th Revolution technology” aims to:

- Create a forum to help the advisory agencies, researchers, experts and the business community discuss about the orientations and solutions for the training human resources to meet the smart industry in Viet Nam in the context of the 4th Industrial Revolution.
- Provide opportunities for central departments, sectors, students, businesses and visitors to have hands-on experience about smart technologies for TVET at booths of prestigious partners.
- Establish a connection between local and foreign universities, colleges, businesses and investors to explore the potential and co-operation and investment opportunities in the field of smart college in Vietnam.

The conference welcomes all submission of original research papers in all aspects of system science, technology and education. To broaden the scope and promote participant, organized sessions will also be welcomed and incorporated into the SCIC 2018 program.

Topics of interest include

- Opportunities and Challenges from the 4.0 Industrial Revolution for the Development of Smart Schools in Vietnam and Ho Chi Minh City.
- Solutions to develop the Smart School model in Vietnam.
- Solutions to the achievements of the Industrial Revolution 4.0 in the Smart School model.
- Application of Information Technology in School Smart Management in the context of the Industrial Revolution 4.0.
- Educational Management Solutions in Smart Schools.
- Improve the capacity and quality of teachers and professional education managers in the Smart Schools model in Vietnam.
- Develop a smart, enterprise-friendly connectivity that fits into the Smart School model and the context of the Industrial Revolution 4.0.
- Build a model for entrepreneurship, creative thinking in Smart Schools.
